

2020

WE WILL ROCK YOU!

WE MADE IT!!

We would like to thank all our dealers/contractors that believed in us, for trying our products, and working with our company. It is thanks to you that we now have dealers across North America. Yes we have grown, but we have remained true to our grass roots and are still a family run company.

Going back to our first year...we only had 3 products, a plastic paver edge, an aluminum paver edge, and spikes. We now offer a full line of products and shop the world to bring you accessories that we believe in and have tested extensively before offering them to you. Nobody should be a guinea pig in this business! Not you or your customers. Our products are tried, tested and true.

We are Surefoot Hardscape Products!

WE WILL ROCK YOU!

How we began?

It started out as a simple idea.

Over the years, as installers and working with various types of paver edgings, we worked on improving and developing a design for paver edging that has an ELEVATED snip/cut brace that's off the ground. This design proves to save time when installing, eliminating the need to pre-measure and pre-cut allowing the installer to cut from above.

AND THAT'S HOW SUREFOOT

EDGING WAS BORN!

DESIGNED BY INSTALLERS, FOR INSTALLERS!

- What the professionals use and easy for the “Do-it-yourself-er” to install.
- Integrated connection system - ideal for **green** roofs - no spikes or clips required.
- Heavy duty construction: will not become brittle to weathering and lasts a lifetime.
- Comes in straight form but can easily be worked with for curved applications
- Ideal for garden beds, landscape beds, brick/stone patios, tree rings, and walkways.
- Made from 100% recycled material and comes with karma! ♻️
- Super permeable to promote proper root growth and drainage which eliminates turf brown out.

**"CUT ON THE GO"
DESIGN.**

**ALLOWS EDGING TO
BE CUT FOR CURVED
APPLICATIONS.**

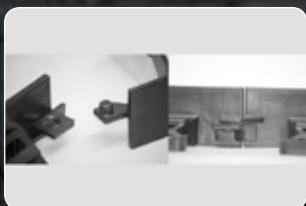

**WITHOUT
PRE-CUTTING OR
HAVING TO LIFT EDGING
OFF THE GROUND.**

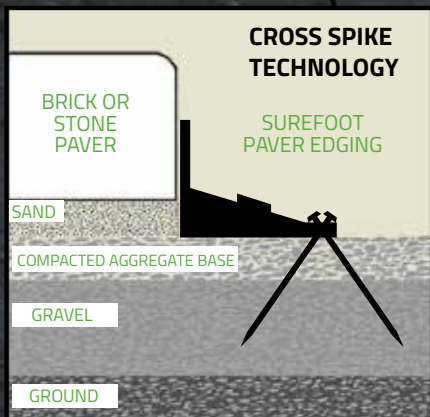

**CROSS SPIKE
TECHNOLOGY MAKES THE
EDGING MORE RESISTANT
TO HEAVING UP FROM
GROUND FROST.**

**SPIKES CAN GO
ANYWHERE IN BETWEEN
THE CUT BRACE AND
EDGING WALL WHICH
HELPS TO DIMINISH
EDGE PULL AWAY WHEN
INSTALLING.**

**SUPER FAST BUILT IN
CONNECTION SYSTEM.
NO CLIPS NEEDED AND
HELPS TO SAVE LABOUR
TIME.**

INSTALLATION TIPS:

Driveways:

Nail every 8" (20.3 cm) to 12" (30.5 cm).

For curved areas you can also double spike.

Walkways and Patios:

Nail every 12" (30.5 cm) to 20" (50.8 cm).

For curved areas you can also double spike.

SPECS:

8' length x 1 5/8" height

3" depth x 2.25" width

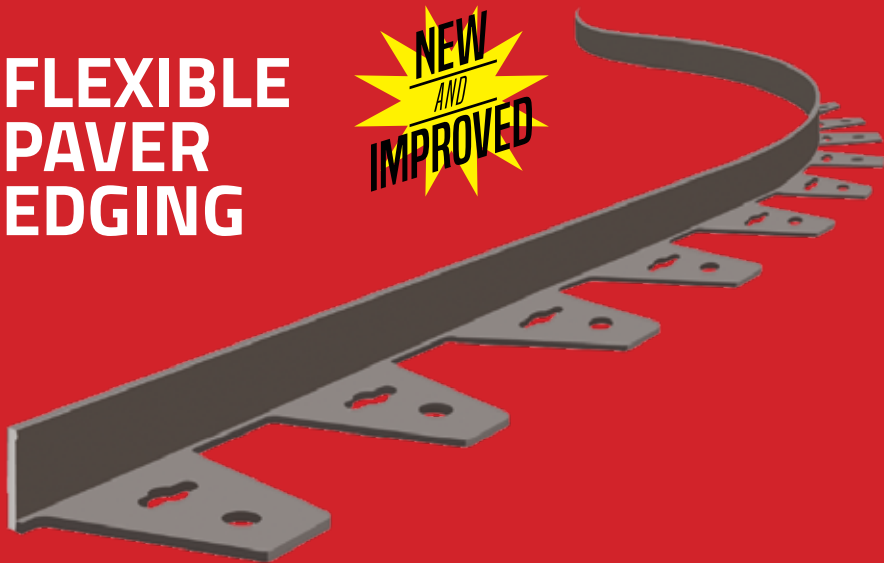

243.84cm length x 4 cm height

7.68 cm depth x 5.71cm width

FLEXIBLE PAVER EDGING

**NEW
AND
IMPROVED**

MORE BEEFY, HEAVY DUTY EDGING

- Easy installation.
- Save time - No cutting required for curves.
- Ideal for driveways, patios, and walkways.
- Made from 100% Recycled material and comes with Karma! ♻️

Nail every 8" (20.3 cm) to
12" (30.5 cm).

Use Standard Installation Only.

Walkways and Patios:

Nail every 16" (40.6 cm) to
20" (50.8 cm) & at either end.

Use Standard or Reversible
installation.

SPECS:

Length: 8' (243.84 cm)

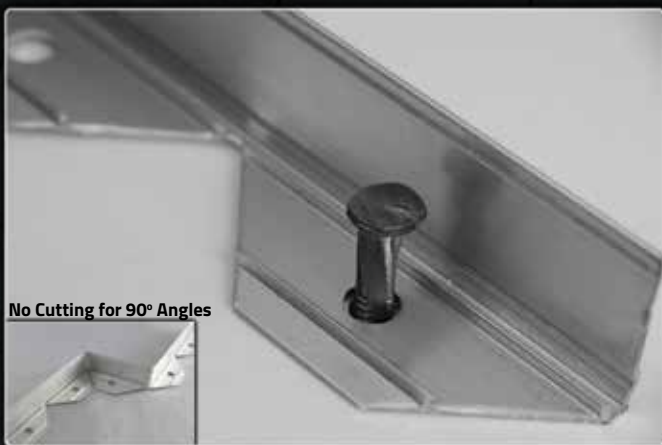

Height: 1.75" (4.445 cm)

Thickness: .31" (7.874 mm)

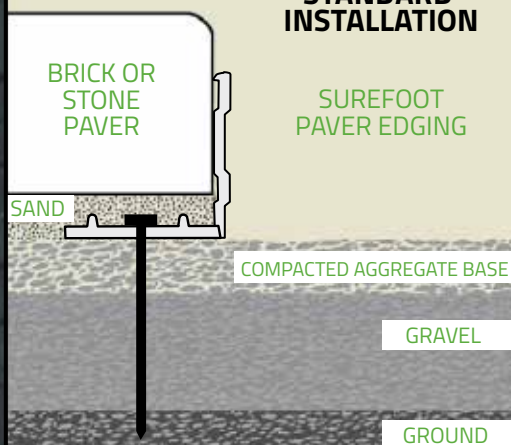

LUMINUM PAVER RESTRAINTS

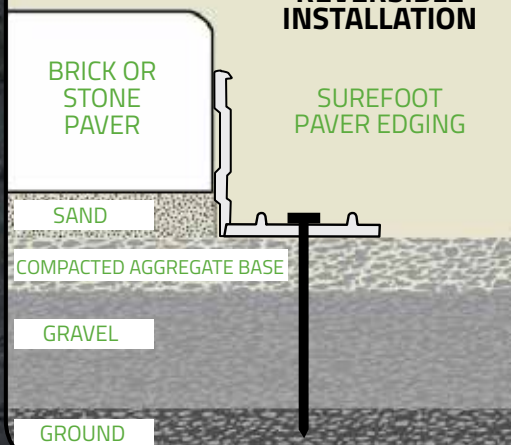

- What the professionals use and easy for the “Do-it-yourself-er” to install.
- Heavy duty construction: will not become brittle to weathering and lasts a lifetime.
- Comes in straight form but can easily be worked with for curved applications/corners.
 - Tool-less to do curves, corners or straights.
- Can be installed both standard or reverse installation.
- Low profile so the edge is invisible when properly installed.
 - No wasted material due to overlap at joints.
 - Comes with plated joiner tabs.
 - Made from 100% recycled material and comes with karma!♻️

STANDARD INSTALLATION

REVERSIBLE INSTALLATION

INSTALLATION TIPS:

Driveways:

Nail every 8" (20.3 cm) to 12" (30.5 cm).

Use Standard Installation Only.

Walkways and Patios:

Nail every 16" (40.6 cm) to 20" (50.8 cm) & at either end.

Use Standard or Reversible installation.

SPECS:

Length: 8'-4" (254 cm)

Height: 1.5" (3.81 cm)

Thickness: .125" (3.175 mm)

LOW PROFILE ALUMINUM PAVER RESTRAINTS

Our Lowest Profile Aluminum Edging is ideal for use with 20mm porcelain pavers, flagstone, wetcast shapes and bluestone. Our aluminum edging bends to your needs no matter how complex your design requirements. Made of aluminum, it's strong enough for straight lines, yet flexible enough to follow the most intricate curved patterns.

- Convenient 8' lengths
- Made of non-rusting Aluminum
- Completely hidden from view
- One piece for straight or curved patterns
- 90 degree angles without cutting
- Will not warp in heat or crack in cold
- No loss of material due to overlap at joints
- 100% Recycled Material & comes with Karma! ♻️

Length: 8' (2.44m)
Height: 5/8" (17mm)
Thickness: 0.125" (3.2mm)
Flange: 1.5" x 4" (35mm x 102mm)
Alloy: 6063 aluminum
T-5 hardness
US Patent

GRATEFUL EDGE

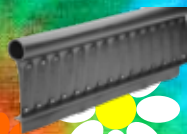

Professional Grade Garden Edge
100% Recycled Material & Comes With Karma!

PLATINUM EDGE

Durable corrugated side wall construction with T-Shape flange allows for easy and secure installation.

***NOTE - CONNECTORS ARE REQUIRED**

PRIMO EDGE

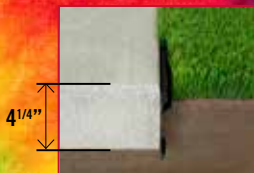

Primo Edge was developed to offer quality and performance at an economical price.

***NOTE - CONNECTORS ARE REQUIRED**

SIMPLE EDGE

Patented design eliminates the need of a garden edger. It's one time installation inhibits grass from growing onto walkways and concrete driveways, making this product Eco Friendly and a true time saver.

ROCK/STARTM

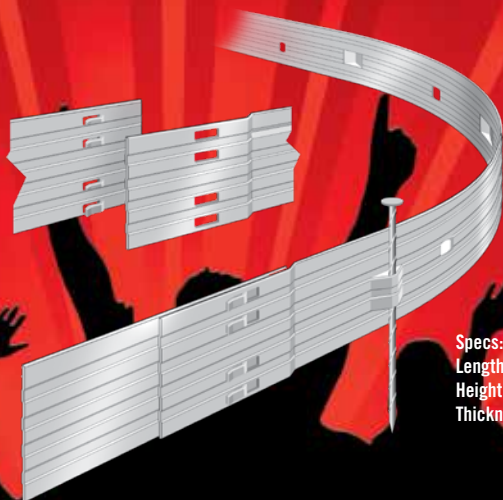

Garden Edge

XTRA

STRENGTH

- **Keyhole Interlocking System:** Lengths are easily and quickly connected.
- **Superior Reinforcement** – 8 ft lengths: Rigid enough to provide perfectly straight lines; flexible enough for the most demanding curves.
- **No need to use heavier gauge or more costly material** to maintain straight runs.
- **Heavy duty 1 1/8" nail loops** located every 23": allows for more frequent nailing positions, providing superior anchoring where required.
- **Steel Nail Anchoring:** Spiral 10" nails readily available.
- **100% Recycled Material & comes with Karma!** ♻️

Specs:

Length: 8' (2.43m)

Height: 4" (10.1cm)

Thickness: 1/8" (3.2mm)

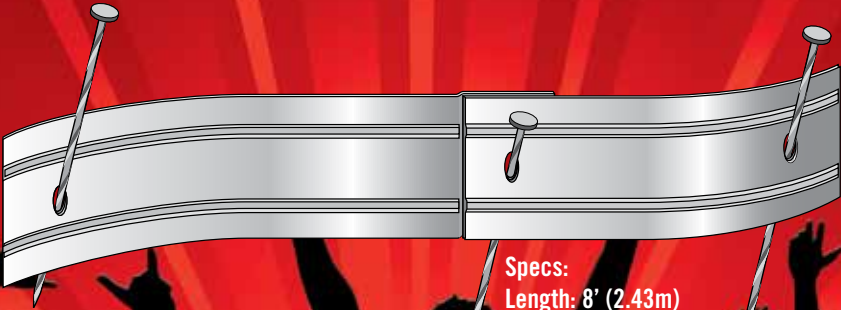

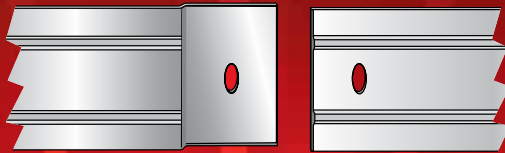

ROCK/STAR

Garden Edge

Rock Star 4" Professional Garden Edge

- Ideal for both commercial and residential use
- EZ-Connect System - saves labour time
- Heavy Duty/Beefy Edge so straight lines are easy
- Flexible to allow for perfect curves

Specs:

Length: 8' (2.43m)

Height: 4" (10.1cm)

Thickness: 1/8" (3.2mm)

Premium Quality

- Forget Plastic "Rolled" Big Box Edges
- 8 ft Lengths - bigger sizes do not stay straight
- For Garden Beds, Tree Rings, Walkways, Patios
- 100% Recycled Material & comes with Karma! ♻️
- Non rusting Aluminum

FOAM-A-GRIP

Foam-A-Grip is a high quality adhesive based on modified polyurethane chemistry. It has been developed for use in commercial construction including subfloor assembly, interior drywall installation, SIPs panels, rigid foam insulation, EIFS systems, faux brick/blocks and natural stone. This adhesive has excellent long-term resistance to weathering, water, acids and solvents.

FEATURES:

- 3 times stronger than typical construction adhesives
- A single 24-ounce can does the job of 6 to 10, 28-ounce tubes of other adhesives, reducing cost and waste
- 20-minute set time
- Aggressive adhesion for general construction and landscaping applications
- Low-temperature application
- Excellent adhesion to a wide range of substrates

1 CAN = APPROXIMATELY
6 LARGE TUBES OF 825ML
CONSTRUCTION ADHESIVE
(1/2" BEAD)

INVERTED MARKING PAINT

Features:

- Extremely bright
- Inverted tip
- Quick drying - won't clog
- Water based - safe on plants and grass
- Lead free

LIFTING EQUIPMENT

Sections Clamp

With the versatile lifting range of 9"-42" and a safe working load of 1600 lbs., this clamp is capable of picking up 1-2 sections of pavers at a time. The 1002 is perfect for separating cubes of pavers and handling materials on site. Fork Yoke Attachment available. Made in Canada.

Jed Clamp It/ Tread/Curb Clamp

J900	4"-22" max width	900 lbs
J2400	8"-32" max width	2400 lbs
J3000	12"-42" max width	3000 lbs

	Capacity	Rise	Depth
T600	600 lbs	6"-8"	12"-25"
T1200	1200 lbs	6"-8"	20"-35"

Tread Setter

Eliminate finger smashing, back breaking, time consuming and work-related injuries using the new TREADSETTER. The Treadsetter is designed to handle various step treads from 12"-35" in depth – up to 4" in width and with a 6"-8" rise. This new product is easily adjusted to tread width and balance. The tool has pivot-style urethane ends to reduce slippage and protect the stone, as well as servicing other applications in various weather conditions. Ideal for Rosetta Stone.

Montolit Curb Clamp

Mechanical or hand-lifter. 3.15"-7" 440lb capacity

STH-424 Curb Lifter

Adjustable 1/2" - 10"
Weight - 10 lbs

STH-425 2 Man Curb Lifter

Adjustable 19.5" - 43"
Weight - 25 lbs
Detachable for Skid Steer/Bobcat

Paver Cart

Lifts a complete band of pavers at one time. Saves time, money and labour. Less handling reduces chipping and breaking of materials and speeds up installation.

FEATURES:

- Large pneumatic turf-profile tires • solid steel pallet roller
- Handle assembly detaches for easy transport
- Reinforced cross-braced handles prevent twisting
- Foot bar for increased leverage
- Can be used for both palletized/unpalletized materials
- Shipping weight: 165 lbs. • Overall dimensions: 40" x 21" x 69"
- Safe Lifting Load: 600 • Width adjusts from 34"-40"

BK43 Paver Splitter

Blade cutting length 13"
Cuts from 0" - 4.33"
Weight 62 lbs.

STH-422

**MADE
IN
ITALY**

6L Paver Cutter STH-423

- Designed and constructed specifically for splitting pavers and retaining wall block
- Lightweight and easy to transport, yet heavy duty quality
- Quick and efficient way to get the job done
- Will cut up to a 3.9" paving stone

SPECS:

CUT WIDTH: 12.2"
